

FIRSTGROUP PLC

RESULT OF 2019 ANNUAL GENERAL MEETING (AGM)

FirstGroup plc (the 'Company') announces that, at the AGM held earlier today, all resolutions were duly passed by the Company's shareholders on a poll. The results of the poll are shown in the table below and will also be available on the Company's website.

The Board notes that more than 20% of shareholders voted against four of the resolutions put to today's meeting. The Board takes seriously its responsibility to understand shareholders' opinions and will continue to discuss investors' views on these and other matters as part of our ongoing programme of engagement.

As noted in our statement earlier today, overall trading in the first quarter has been in line and there is no change to our expectations for the current financial year. The Group is focused on delivering the strategy announced on 30 May at pace.
